## INDEPENDENT AUDITOR'S REPORT

Borough Council  
Borough of Hellertown  
Hellertown, Pennsylvania

### **Report on the Financial Statements**

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Hellertown, as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the modified cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Borough of Hellertown as of December 31, 2020, and the respective changes in modified cash basis financial position and, where applicable, cash flows thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

## ***Basis of Accounting***

As discussed in Note 1, these financial statements were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedule of employer contributions – police pension plan, schedule of investment returns – police pension plan, schedule of changes in net pension liability and related ratios – police pension plan, schedule of contributions to the OPEB plans, and schedule of changes in the total OPEB liability and related ratios on pages 3-8 and 39-43 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Hellertown's basic financial statements. The other supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The combining balance sheet and statement of revenues received, expenditures paid and changes in fund balance – modified cash basis, budget and actual – all special revenue funds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole, on the basis of accounting described in Note 1.

BOROUGH OF HELLERTOWN  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
DECEMBER 31, 2020

The Borough of Hellertown's discussion and analysis provides an overview of the Borough's financial activities for the fiscal year ended December 31, 2020. Since this information is focused on the current year's activities, resulting changes, and currently known facts, it should be read in conjunction with the Borough's financial statements beginning on page 9.

FINANCIAL HIGHLIGHTS

- The net position of the primary government (excluding pensions and agency funds) increased \$332,263 during 2020. This is primarily due to a decrease in expenditures in 2020, mainly culture and recreation.
- The General Fund balance decreased \$111,844 primarily due to an increase in transfers out in 2020.
- The net position of the Sanitation Fund decreased by \$120,444 in 2020. This is attributed to a decrease in recycling collections in 2020 and an increase of sanitation costs.
- The Borough reduced its debt on the GON by \$92,374. There was no new debt in 2020. Overall the Borough of Hellertown had a total of \$1,318,457 in outstanding debt as of December 31, 2020.

USING THIS ANNUAL REPORT

The annual reports consist of two parts: Management's Discussion and Analysis (this section) and the basic Financial Statements. The basic financial statements include a series of financial statements. The Statement of Net Position – Modified Cash Basis and the Statement of Activities - Modified Cash Basis on pages 9 and 10 provide information about the activities of the Borough as a whole and present a longer term view of the Borough's finances. Fund financial statements start on page 11. For government activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Borough's operations in more detail than the government wide statements by providing information about the Borough's most significant funds. Since Hellertown Borough is a general purpose government, we have elected to combine fund financial statements into government wide financial statements for single presentation. The remaining statements provide financial information about activities for which the Borough acts solely as a trustee or agent for the benefit of those outside the government.

REPORTING ON THE BOROUGH AS A WHOLE

The analysis of the Borough as a whole begins on page 4. One of the most important questions asked about the Borough's finances is "Is the Borough as a whole better or worse off as a result of the year's activities?" The Statement of Net Position – Modified Cash Basis and the Statement of Activities – Modified Cash Basis report information about the Borough as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the modified cash basis of accounting, which recognizes revenue when received and expenses when paid.

These two statements report the Borough's net position and changes in them. You can think of the Borough's net position – the difference between assets and liabilities – as one way to measure the Borough's financial health, or financial position. Over time, increases or decreases in the Borough's net position are one indicator of whether its financial health is improving or deteriorating. You will need to consider other nonfinancial factors, however, such as changes in the Borough's property tax base and the condition of the Borough's roads, to assess the overall health of the Borough.

In the Statement of Net Position – Modified Cash Basis and the Statement of Activities – Modified Cash Basis, the Borough presents Governmental and Business Type Activities. All of the Borough's basic services are reported here. The Borough's Governmental Activities include the General Fund, Special Revenue Funds (includes Liquid Fuels and Fire Protection Fund), Debt Service Fund and Capital Projects Funds (includes Fire Capital Fund). These funds are explained in more detail on page 20. The Borough has one Business Type Activity that is its Sanitation Fund.

REPORTING THE BOROUGH'S MOST SIGNIFICANT FUNDS

Our analysis of the Borough's governmental funds begins on page 6 and provides detailed information about the most significant funds – General Fund, Capital Projects Funds and Special Revenue Funds – not the Borough as a whole. All of the Borough's basic services are reported in the General Fund, which focuses on how money flows into and out of those funds and the balances left at year-end that are available for spending. The fund is reported using an accounting method called modified cash basis of accounting. The General Fund statements provide a detailed, short term view of the Borough's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or few financial resources that can be spent in the near future to finance the Borough's programs. We describe the relationship (or differences) between governmental *activities* (reported in the Statement of Net Position – Modified Cash Basis and the Statement Activities – Modified Cash Basis) and governmental *funds* in a reconciliation at the bottom of the fund financial statements.

THE BOROUGH AS TRUSTEE

The Borough is a trustee, or fiduciary, over its employee's pension trust funds. It is also responsible for other assets that can only be used for the depositors based on the trust agreement in those depositors. All of the Borough's fiduciary activities are reported in a separate Statement of Fiduciary Net Position – Modified Cash Basis and Changes in Fiduciary Net Position – Modified Cash Basis on pages 17-18. We exclude these activities from the Borough's other financial statements because the Borough cannot use these assets to finance its operations. The Borough is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

THE BOROUGH OF HELLERTOWN AS A WHOLE

The Borough of Hellertown's combined net position increased from \$5,395,195 in 2019 to \$5,727,458 or a net increase of \$332,263. In contrast, 2019 net position decreased by \$1,138,496.

Our analysis below focuses on the net position and changes in net position of the Borough's governmental and business type activities.

The net position of the Borough's governmental activities increased by 9.13% in 2020. Therefore, the Borough increased its net position for governmental activities by \$452,707 in 2020. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements increased from \$4,842,484 at the end of 2019 to \$5,100,309 at the end of 2020.

BOROUGH OF HELLERTOWN  
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
DECEMBER 31, 2020

The net position of the Borough's Business Type Activities decreased by 27.71%. Accordingly, the Borough decreased its net position for Business Type Activities by \$120,444. The unrestricted net position – that part of net position that can be used to finance daily business type activities changed from \$434,697 in 2019 to \$314,253 in 2020.

Overall, the Borough's governmental program revenues, including intergovernmental aid, decreased from \$5,517,027 in 2019 to \$4,636,836 in 2020 primarily due to decreases in intergovernmental revenue (grants).

Business type revenue decreased by \$35,549 due to decrease in intergovernmental revenue in 2020.

**Governmental Activities**

The cost of all governmental activities (government wide activities) in 2020 was \$4,347,429 compared to \$4,515,095 in 2019. The decrease in costs are primarily associated with a decrease in culture and recreation and general government.

As shown in the Statement of Activities – Modified Cash Basis on page 10, the amount our taxpayers ultimately financed for these activities through Borough taxes, fines, licenses, and other revenue was \$3,878,633 (an increase of \$623,911 from 2019). Some of these costs were paid by those who directly benefitted from the program which amounted to \$29,056 (a decrease of \$179,893 from 2019). Other governments and organizations that subsidized certain programs with grants and contributions amounted to \$439,740 (down from \$1,051,424 in 2019).

Business Type Activities

Overall the Sanitation Fund (business type activities) net position decreased from \$434,697 in 2019 to \$314,253 in 2020. The decrease is attributed to a decrease in intergovernmental revenues and an increase in sanitation costs.

The following table presents the cost of each of the Borough's five largest programs – General Government, Public Safety, Public Works, Culture & Recreation, and Employee Benefits, as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the Borough's taxpayers by each of these functions. The last two columns represent the net comparison to 2019 and 2018.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)  
DECEMBER 31, 2020

As of November 2020, the assessed value of all property in the Borough of Hellertown is \$133,511,900 up \$10,100. An assessed value is the dollar value assigned to a property to measure applicable taxes. Assessed valuation determines the value of a residence for tax purposes and takes comparable home sales and inspections into consideration. It is the price placed on a home by the corresponding government municipality to calculate property taxes.

As noted in Note 12, a global pandemic has led to widespread voluntary and government mandated closings which have resulted in significant job losses. These job losses may have a significant impact on all aspects of the Borough's operations.

Until early March 2020, The U.S. economic outlook was healthy according to key economic indicators. The gross domestic product, which measures the nation's output, was expected to remain between 2 and 3 percent.

As of December 2019, the unemployment rate dropped to 3.5 percent compared to 3.9 percent in December 2018. By April 2020 that number has increased to nearly 20%. Currently, unemployment stands at 6.8%.

Closer to home, the Lehigh Valley is one of the top five fastest growing regions with under a million people in the United States and the fastest growing region of its size in the Northeast for a fourth consecutive year. The Lehigh Valley is also the third largest metropolitan area in Pennsylvania and the 51<sup>st</sup> largest manufacturing center by GCP in the country.

The Borough of Hellertown continues on its path to provide a healthy and economically stable environment for its residents, businesses, and visitors. Fortunately, a healthy level of unrestricted fund balance does more than dress up the financial statements. No one could be prepared for this type of economic devastation brought on by COVID-19. The Borough of Hellertown is in a good position headed into this crisis, and early projections would support the idea that we can weather this storm. The position we are in as a borough is a testament to our borough employees, Council and Mayor that focuses on the overall well-being of our community above all else. Recent investments have added to our park system and infrastructure. The Main Street Pedestrian Initiative will continue to bring economic benefit to the community.

As with most small communities, the borough is continually challenged to provide necessary essential services with a sensible approach to taxing our property owners and generating enough revenue to sustain government services.

Borough Council and staff have anticipated the impact of the economy and cost of services on municipal revenue and expenditures. As we move through the year, we will monitor performance and make adjustments in spending that are appropriate, use capital funds efficiently and effectively, and maintain necessary municipal services to the community.

Reconciliation to Statement of Net Position - Modified Cash Basis:

Amounts reported for governmental activities in the Statement of Net Position - Modified Cash Basis are different because:

Some liabilities, including capital debt obligations payable, are not due and payable in the current period and therefore are not reported in the governmental funds.

 RECONCILIATION OF THE STATEMENT OF REVENUES RECEIVED, EXPENDITURES PAID AND CHANGES IN  
 FUND BALANCES – MODIFIED CASH BASIS OF GOVERNMENTAL FUNDS TO THE STATEMENT OF  
 ACTIVITIES – MODIFIED CASH BASIS OF GOVERNMENTAL ACTIVITIES  
 FOR THE YEAR ENDED DECEMBER 31, 2020

Net changes in fund balance - total governmental funds \$ 360,333

Amounts reported for Governmental Activities in the Statement of Activities  
 are different because:

The governmental funds report debt proceeds as financing sources, while  
 repayment of debt principal is reported as an expenditure. In the  
 statement of net position - modified cash basis, however, issuing  
 debt increases long term liabilities and does not affect the statement  
 of activities and repayment of principal reduces the liability. The net  
 effect of these differences in the treatment of long-term debt is  
 as follows:

Principal repayments of long-term debt 92,374

Net change in net position - governmental activities \$ 452,707

BOROUGH OF HELLERTOWN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2020

NOTE 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Borough of Hellertown (the "Borough") have been prepared in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America ("GAAP") and is described more fully under Basis of Accounting and Measurement Focus. The Governmental Accounting Standards Board (GASB) is the authoritative standard-setting body for the establishment of governmental accounting and financial reporting principles. The more significant of these accounting policies are described below to enhance the usefulness of the financial statements to the reader.

***The Financial Reporting Entity***

The Borough of Hellertown was incorporated in 1872 under the provisions of the constitution and general statutes of the Commonwealth of Pennsylvania ("Commonwealth"). The Borough operates as a council-manager form of government, is located in Northampton County and provides a full range of services, including public safety, roads, sanitation, recreation and general government services, to its approximately 6,000 residents.

Factors considered in determining whether a governmental unit should be included in the Borough's financial statements include financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters.

The Borough's Police Pension Plan is operated by a Board of Trustees appointed by the Borough. The Police Pension Plan is a separate entity which is included in the Borough's financial statements as a fiduciary fund that is separate from the primary government. The fiduciary fund balances are not available for the Borough's general operations.

The financial statements of the Borough of Hellertown do not include the financial activities of the Hellertown Borough Authority (the "Authority"), which provides water and sewer services to the residents of Hellertown. The Borough's financial statements do not include the Authority as a component unit for the following reasons:

- The Hellertown Borough Authority is a separate political entity established under the laws of the Commonwealth of Pennsylvania.
- Although the Borough Council appoints the Hellertown Borough Authority's Board, it operates autonomously from the Borough government.
- The Borough has no legal or moral responsibility for the debt of the Authority.
- The Authority does not impose a financial benefit or burden on the Borough.

***Basis of Presentation - Fund Accounting***

The accounts of the Borough are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, net position, revenues, expenditures and other financing sources and uses. The various funds are summarized by type in the financial statements. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

For financial reporting purposes, the Borough's funds have been grouped by fund type and are presented in this report in the following manner:

***Governmental Fund Types***

Governmental funds are those through which most governmental functions of the Borough are financed. The acquisition, use and balances of the Borough's expendable financial resources and the related liabilities are accounted for through the following governmental funds:

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

***Governmental Fund Types (Continued)***

**Major Funds:**

- ***General Fund*** - is used to account for all financial transactions applicable to the general operations of the Borough except for those required to be accounted for in another fund.
- ***Capital Projects Funds*** - are used to account for financial resources to be used for the acquisition or construction of major capital facilities. The Regular and Special Capital Projects Funds are included in the accompanying financial statements as Capital Projects Funds.

**Nonmajor Funds:**

- ***Special Revenue Funds*** - are used to account for proceeds of specific revenue sources (other than special assessments, expendable trusts or major capital projects) that are legally restricted to expenditures for specified purposes. The following are special revenue fund types:

***Liquid Fuels Tax Fund*** - is utilized to account for the financial activity of the Borough's motor vehicle fuel tax allocation from the Commonwealth of Pennsylvania.

***Fire Protection Fund*** - is utilized to account for the financial activity of the Borough's fire tax revenue and its related expenditures.

***Proprietary Fund Types***

Proprietary funds are used to account for the Borough's ongoing activities that are similar to those often found in the private sector. The measurement focus is based upon the determination of net income. The Borough has one type of proprietary fund - the Enterprise Fund - described below.

- ***Enterprise Fund*** - is used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income are appropriate for capital maintenance, public policy, management control, accountability or other purposes. The Borough has one Major Enterprise Fund described below.
  - ***Sanitation Fund*** - is used to account for the administration of the collection and disposal of municipal waste and recyclable materials in the Borough and is operated in a manner similar to a private business enterprise and is intended to be self-supporting.

***Fiduciary Fund Types***

Fiduciary funds are used to account for assets held by the Borough in a trustee capacity or as an agent for individuals, private organizations, other governmental units and/or other funds. The following are the Borough's fiduciary fund types:

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

***Fiduciary Fund Types (Continued)***

- ***Custodial Funds*** - are used to account for funds held in escrow for other parties. The Funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operation.
  - ***Escrow Funds*** - are used to account for monies paid by developers and/or land owners which are held in escrow for the purpose of reimbursing the Borough for any and all expenses, fees and charges incurred by the Borough in connection with land development, subdivision and property improvements located in the Borough of Hellertown.
- ***Pension Trust Fund*** - a component unit of the Borough used to account for pension benefits for police. The principal revenue sources for these funds are state aid, employer and employee contributions, and investment earnings. The Borough of Hellertown has the following pension trust fund:
  - ***Police Pension Fund*** - is used to account for pension benefits for police officers.

***Basis of Accounting and Management Focus***

***Basis of Accounting***

Basis of accounting refers to the timing of recognition of revenues and expenditures or expenses in the financial statements regardless of the measurement focus. The modified cash basis of accounting is followed for all governmental, proprietary, and fiduciary funds of the Borough. The modified cash basis differs from GAAP in that certain revenues and the related assets are recognized when received rather than when earned and certain expenditures or expenses are recognized when paid rather than when a liability is incurred. Modifications to the cash basis of accounting include (1) the recording of payroll withholdings when withheld from employees' pay, (2) the recording of investments held (in the Pension Trust Funds) as assets at fair value, (3) reporting long-term debt, (4) Other Receivables and (5) net unrealized gains and losses on investments are recorded as a result of changes in the fair value of investments, not when the investments are sold. The Statement of Revenues Received, Expenditures Paid and Changes in Fund Balance - Modified Cash Basis - Governmental Funds presents the results of the Borough's activities; it does not purport to present the net income or loss for the period.

***Measurement Focus***

The accounting and reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types are accounted for on a spending or "financial flow" measurement focus. This means the Borough has elected to report on a modified cash basis while reporting long-term indebtedness in the Government-Wide Financial Statements. Governmental fund-type operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net position.

Proprietary funds are accounted for on a cost of services or "capital maintenance" measurement focus. This means that all assets (whether current or non-current) associated with this activity are included on their statement of net position. The reported fund equity reported as restricted and unrestricted net position. Proprietary fund-type operating statements present increases (revenues) and decreases (expenses) in net position.

BOROUGH OF HELLERTOWN  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

***Measurement Focus (Continued)***

The Pension Trust Fund uses "income determination" as its measurement focus. Plan member contributions and employer contributions (including the portion, if any, funded by State Aid) are recognized in the period in which contributions are paid. Benefits and refunds are recognized when paid in accordance with the terms of each plan.

***Budgetary Process***

The Borough follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to October 1, the Borough Manager meets with all Department Heads.
- Department Heads submit a proposed operating budget for the fiscal year commencing the following January 1.
- The Operating budget includes the proposed expenditures.
- The Borough Manager and Finance Manager meet to determine proposed revenue for the fiscal year commencing January 1.
- Capital budgets are updated at this time.
- The proposed budget is compiled and submitted to Borough Council for review and discussion. A number of public meetings are scheduled to obtain taxpayer comment.
- Prior to December 31, the budget is legally enacted through a majority vote of Borough Council. An ordinance establishing the tax rate for the year was simultaneously voted on.

***Cash and Cash Equivalents***

The Borough's cash and cash equivalents are comprised of cash on hand, demand deposits with financial institutions, and short-term investments with original maturities of three months or less as of the date of acquisition. See Note 3 for additional disclosures.

***Restricted Assets***

Restricted assets are comprised of cash held in escrow for property improvements, subdivision and land development.

***Encumbrances***

Fund balances of the Governmental Fund Types may be reserved for encumbrances. Encumbrances, which represent commitments for goods and services not yet received, are reported as a commitment of fund balances and are not otherwise available for appropriation. All encumbrances lapsed at the end of the year. Accordingly, there was no fund balance committed for encumbrances as of December 31, 2020.

BOROUGH OF HELLERTOWN  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
DECEMBER 31, 2020

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

***Government – Wide Fiduciary and Proprietary Fund Net Position***

Net Position is divided into two components:

1. Restricted – consist of assets that are restricted by the Borough's creditors (for example, through debt covenants), by the state enabling legislation (through restrictions on shared revenues), by grantors (both federal and state), and by other contributors.
2. Unrestricted – all other net position is reported in this category.

***Governmental Fund Balances***

In the Governmental Fund financial statements, fund balances are classified as follows:

1. Restricted – amounts that can only be spent for specific purposes because of constitutional provisions, legislation, or constraints that are externally imposed.
2. Committed - amounts that can only be used for specific purposes determined by formal action of the Council.
3. Assigned – amounts that are designated for a particular purpose but are not spendable until a budget ordinance is passed or there is a majority vote approval by Borough Council.
4. Unassigned - all amounts not included in other spendable classifications

The restricted fund balances consisted of the Liquid Fuels Special Revenue Fund for \$198,930 and \$113,966 for the Fire Protection Special Revenue Fund. The Committed Fund Balance of \$820,330 and the Assigned Fund Balance of \$1,754,142 are included in the Fire Capital Projects Fund, which are set aside for fire protection.

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, it is the Borough's policy to use restricted fund balance first, followed by unrestricted fund balance. When expenditures are incurred for purposes for which committed, assigned or unassigned amounts are available, it is the Borough's policy to use committed first, then assigned and then finally unassigned.

***Interfund Transactions***

Certain interfund transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures or expenses initially made from it that are properly applicable to another fund are recorded as expenditures or expenses in the reimbursing fund and as reductions of expenditures or expenses in the fund that is reimbursed.

Other interfund transactions are reported as transfers. Nonrecurring or nonroutine permanent transfers of net position are reported as residual transfers of net position. All other interfund transfers are reported as operating transfers.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

***Management Estimates***

The preparation of financial statements prepared with the modified cash basis of accounting required management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 2 NON-GAAP BUDGETARY BASIS OF ACCOUNTING

The Borough's budget is prepared on the modified cash basis of accounting and includes appropriations to cover anticipated current encumbrances. The Borough Council approves budgets, which contain estimated revenues adequate to fully fund appropriations. Appropriations not reserved for encumbrances lapse at year end. Formal budgetary integration is employed as a management control device during the year for the General Fund and all Special Revenue Funds.

The Statements of Revenues Received, Expenditures Paid and Changes in Fund Balance - Modified Cash Basis - Budget and Actual present comparisons of legally adopted budgets with actual data. The budget has been prepared on the modified cash basis, which is the same basis of accounting used to prepare the financial statements as described more fully in Note 1. The Borough Council approves by a motion the total appropriations in the budget. Fund Balance and any revisions to the budget also require approval by Borough Council. There were no amendments to the budget as presented in the current year.

NOTE 3 CASH AND CASH EQUIVALENTS

**General**

Pennsylvania statutes provide for investment of governmental funds into certain authorized investment types including U.S. Treasury bills, other short-term U.S. and Commonwealth of Pennsylvania government obligations, and insured or collateralized time deposits and certificates of deposit. The statutes do not prescribe regulations related to demand deposits; however, they do allow the pooling of governmental funds for investment purposes.

The deposit and investment policy of the Borough adheres to the statutes of the Commonwealth. Deposits of the Borough, except for Pension Trust Fund deposits that are administered by trustees, are either maintained in demand deposits or are held in bank money market accounts. There were no deposit or investment transactions during the year that were in violation of either the Commonwealth's statutes or the policy of the Borough.

**Cash (Cash on Hand and Bank Balances)**

At December 31, 2020, the carrying amount of the Borough's bank deposits (excluding those held in the Pension Trust Funds, but including Custodial Funds) totaled \$7,195,955 and the corresponding bank balances were \$7,312,096, of which \$250,000 was insured by the Federal Deposit Insurance Corporation ("FDIC"); the uninsured bank balance of \$7,062,096 was collateralized, as described below.

BOROUGH OF HELLERTOWN  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

NOTE 3 CASH AND CASH EQUIVALENTS (CONTINUED)

**Cash (Cash on Hand and Bank Balances) (Continued)**

Under Act No. 72 of the 1972 Session of the Pennsylvania General Assembly (the "Act of 72"), financial institutions were granted the authority to secure the deposits of the public bodies by pledging a pool of assets, as defined in the Act of 72, to cover all public funds deposited in excess of the FDIC limits. The uninsured bank balances (as defined by Statement No. 3 of the GASB) of the Borough in the amount of \$7,062,096, were collateralized by this pool of assets maintained by the Borough's depository institutions.

In addition, the Borough included in cash, amounts held on hand in petty cash. At December 31, 2020, the petty cash balance was \$1,084.

NOTE 4 INVESTMENTS

Under Section 1316 of the Pennsylvania Borough Code, the Borough is authorized to invest in United States Treasury Bills, short-term obligations of the U.S. Government or its agencies or instrumentalities, obligations of the U.S. Government or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth of Pennsylvania or of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision, shares of an investment company registered under the Investment Company Act of 1940, whose shares are registered under the Securities Act of 1933, provided that the only investments of that company are in the authorized investments for Borough funds listed above and certificates of deposit purchased from institutions insured by the Federal Deposit Insurance Corporation or similar agencies to the extent that such accounts are so insured. Investments of pension trust funds are placed pursuant to guidelines established by the respective pension boards.

As of December 31, 2020, the Borough had the following investments:

| <u>Investment</u>           | <u>Maturities</u> | <u>Fair Value</u>   |
|-----------------------------|-------------------|---------------------|

*Fair Value Measurement*

The Borough reports all investments at fair value. Fair value is the closing price reported on the active market in which the individual securities are traded.

BOROUGH OF HELLERTOWN  
NOTES TO FINANCIAL STATEMENTS (CONTINUED)  
DECEMBER 31, 2020

NOTE 4 INVESTMENTS (CONTINUED)

The Borough categorizes its fair value measurements within the fair value hierarchy established by U.S. generally accepted accounting principles. GASB Statement No. 72, *Fair Value Measurement and Application*, sets forth the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Borough has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted market prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets in active markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

All Borough Pension Trust Funds investments are classified as Level 1 measurements; quoted prices in active markets for identical assets.

*Interest Rate Risk*

The Borough has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Credit Risk*

The Borough has no investment policy that would limit its investment choices to certain credit ratings. The Borough's Police Pension Plan's investment in fixed income funds were rated by Moody's as follows:

| Police Pension Plan Fixed Income<br>Credit Ratings | Fair Value of<br>Investments |
|--|------------------------------|
| Aaa  | \$ 1,066,319                 |

NOTE 4 INVESTMENTS (CONTINUED)

*Concentration of Credit Risk*

The Borough places limits on the amount the Borough may invest in any one issuer. Currently the Borough does not have any investments not included in the Pension Trust Funds. The following individual investments represented over 5% of total trust fund investments for each pension plan:

Police Pension Plan:

Vanguard Value Index Fund Admiral Cl.  
PIMCO Income Fund Institutional Cl.

*Custodial Credit Risk*

For an investment, custodial credit risk is the risk that, in event of the failure of the counterparty, the Borough will not be able to recover the value of its investments or collateral security that are in the possession of any outside party. The Borough has no investments subject to custodial credit risk.

At December 31, 2020, the Borough had the following debt instruments and maturities in its Police Pension Plan.

|                               | Average Maturities (In Years) |            |            |              |

NOTE 6 REAL ESTATE TAXES

Based upon assessed valuations provided by Northampton County approximating \$133,665,800 in 2020, the Borough bills and collects its own real estate taxes. The schedule for real estate taxes levied for 2020 was as follows:

|               |                                      |
|---------------|--------------------------------------|
| February 1    | - levy date                          |
| February 1    | - April 4- 2% discount period        |
| April 5       | - June 5 - face payment period       |
| June 6        | - March 2, 2020 - 10% penalty period |
| March 1, 2021 | - lien date                          |

The Borough continues to collect delinquent real estate taxes up to the first Monday in March of the following year. At that time, all unpaid real estate taxes are turned over to the County of Northampton Tax Claim Bureau for further collection. The 2020 municipal tax rate for all purposes was 21.5 mils (\$21.50 per \$1,000 of assessed valuation) of which 1.5 mils is allocated for fire protection and the remaining 20.0 mils is allocated for general purposes.

NOTE 7 COMMITMENTS AND CONTINGENCIES

**Compensated Absences**

The Borough of Hellertown has not accrued compensated absences because the Borough has elected to report its financial activities on the modified cash basis of accounting. However, all full-time employees of the Borough are entitled to paid vacation and sick days, depending on their length of service and whether the employee is a uniformed or non-uniformed employee.

Vacation days for all employees begin to accrue one year after the initial date of hire and may not be carried from year to year. Vacation allowances accrue as follows:

Sick leave is calculated separately for uniformed and non-uniformed employees. Each uniformed employee is entitled to seven sick days per year. Sick leave “catastrophic days” can be saved from one year to the next, to a maximum of 124 days. Any sick days accumulated in excess of 124 days are lost. Uniformed employees are also entitled to seven non-accruable “sniffle” days per year, a maximum of six unused at year end are compensated for at the then-current base pay rate.

Non-uniformed employees are entitled to twelve non-accruable “sniffle” days per year. Any of these days that are remaining at the beginning of the subsequent year are compensated for at the rate of 50% of the then-current base pay. In addition, each non-uniformed employee is entitled to receive ten catastrophic sick days, accruable to 120 days. Any catastrophic sick days accumulated in excess of 120 days are lost.

***Insurance***

The Borough is exposed to various risks of loss, including workers’ compensation; property, casualty and public official liability; employee benefit administration; employment practice liability; and general liability claims. During the past four calendar years, there have not been any settlements that exceeded insurance coverage. The Borough is contingently liable to the extent any potential future judgment exceeds available insurance coverage. Approximate coverage amounts for significant risk categories are set forth below.

***Federal and State Grants***

The Borough receives Federal and State Grants for specific purposes that are subject to review and audit by Federal and State agencies. Such audits could result in a request for reimbursement by the Federal and State agencies for expenditures disallowed under the terms and conditions of the appropriate agency. In the opinion of the Borough's management, such disallowances, if any, will not be significant to the Borough's basic financial statements.

NOTE 8 PENSION PLANS

The Borough of Hellertown administers two pension plans - the Hellertown Borough Police Pension Plan, a defined benefit plan, and the Hellertown Borough Non-Uniformed Employees' Pension Plan, a defined contribution plan. Separate trustees and investment accounts have been established for each plan. Each plan's assets may be used only for the payment of benefits to the members of that plan, in accordance with the terms of each plan. Additional administrative costs are funded from investment earnings.

***Police Pension Plan***

***Plan Description***

The Borough of Hellertown Police Pension Plan is a single-employer defined benefit pension plan controlled by the provisions of Ordinance 784 adopted pursuant to Act 600. The plan is governed by the Borough of Hellertown which may amend plan provisions, and which is responsible for the management of plan assets. The Borough of Hellertown has delegated the authority to manage certain plan assets to Fulton Financial Advisors.

The Borough of Hellertown filed actuarial valuation report Form 201C with the Public Employee Retirement Commission. The report dated January 1, 2019, was the most recently certified by the municipality's chief administrative officer. This report indicated the municipality maintains a pension plan to provide pension or retirement benefits for uniformed employees. The Borough's Police Pension Plan covers all existing and future full-time or regular members of the police force of the Borough who work for a stated salary or compensation. The pension plan committee consists of: (1) the Vice-president of Council; (2) one active policeman; (3) one retired policeman receiving pension benefits; and (4) two electors of the Borough (neither members of the police force nor individuals receiving pension benefits).

***Benefits Provided***

Borough of Hellertown provides normal retirement, early retirement, and disability benefits to plan members and their beneficiaries. Normal retirement benefits are calculated on 50% of members' average monthly compensation during the last 36 months of employment with the Borough when the member obtains the age of 50 and completes 25 years of credited service. In addition, a member shall receive a service increment of \$100 per month for each full year of service in excess of 25 years. The maximum monthly benefit for a service increment shall be \$500 per month. Early retirement benefits are determined based on an actuarial equivalent of the accrued retirement benefit, the member must have completed 20 years of service. Disability retirement benefits are equal to 75% of the salary of the member.

NOTE 8 PENSION PLANS (CONTINUED)

***Police Pension Plan (Continued)***

***Benefits Provided (Continued)***

At January 1, 2020, the following employees were covered by the benefit terms:

|                            |    |
|----------------------------|----|
| Participants:              |    |
| Retirees and Beneficiaries | 9  |
| Active Employees           | 10 |
| Terminated Employees       | 1  |

***Contributions***

Commonwealth of Pennsylvania Act 205 requires that annual contributions to the plan be based upon the plan's Minimum Municipal Obligation (MMO), which is based on the plan's biennial actuarial valuation. In accordance with the plan's governing document, employees are required to contribute 4.0% of compensation to the plan. The plan may also be eligible to receive an allocation of state aid from the General Municipal Pension System State Aid Program that must be used for pension funding. Any funding requirements established by the MMO in excess of employee contributions and state aid must be paid by the municipality in accordance with Act 205.

Investment expenses, including investment manager and custodial services, are funded through investment earnings. Administrative expenses, including actuarial and consultant services, are funded through investment earnings and/or contributions.

***Net Pension Liability***

The Borough's net pension liability was determined by an actuarial valuation as of January 1, 2019, and rolled forward to the reporting date using the following significant actuarial assumptions applied to all periods included in the measurement:

|                    |  |
|--------------------|--|
| Salary Increases:  | 5.0% compounded annually                   |
| Investment Return: | 7.0% per annum, net of investment expenses |

The actuarial assumptions used in the January 1, 2019 valuation were based on the results of an actuarial experience study for the period January 1, 2019 to December 31, 2019. In addition, mortality rates were based on the Blue Collar RP-2000 Mortality Table Projected to 2017 using scale AA.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation of 2.17%) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target allocation percentage any by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of December 31, 2020 are summarized in the following table:

NOTE 8 PENSION PLANS (CONTINUED)

**Police Pension Plan (Continued)**

**Net Pension Liability (Continued)**

| Asset Class     | Long-Term<br>Expected Real<br>Rate of Return | Asset Class          | Long-Term<br>Expected Real<br>Rate of Return |
|-----------------|--|----------------------|--|
| Domestic Equity |  | International Equity | 6.92%  |
| Large Cap       | 6.19%  | Fixed Income         | 2.77%  |
| Mid Cap         | 7.37%  | Emerging Markets     | 9.16%  |
| Small Cap       | 7.37%  | Cash                 | 0.11%  |

**Discount Rate**

The discount rate used to measure the total pension liability was 7%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that municipal contributions will be at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Changes in Net Position Liability**

The following table shows the changes in net pension liability recognized over the measurement period:

|   | Increase/(Decrease)        |                                |                                  |

NOTE 8 PENSION PLANS (CONTINUED)

***Police Pension Plan (Continued)***

***Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources (Continued)***

Financial information of the Police Pension Plan is presented on the modified cash basis of accounting. Plan member contributions are employer contributions (including the portion, if any, funded by State Aid) are recognized in the period in which the contributions are received rather than when they are due. Benefits and refunds are recognized when paid rather than when the liability is incurred. During 2020, the Borough paid \$146,771 to fund the Police Pension Plan.

***Non-Uniformed Employees' Pension Plan***

The Borough of Hellertown established a pension plan effective January 1, 1992, entitled Hellertown Borough Non-Uniformed Employees' Pension Plan (the "NUEPP"). The NUEPP covers all existing and future full-time non-uniformed salaried and management employees of the Borough. This single-employer defined contribution plan is administered by the International City Management Association Retirement Corporation in the form of a Money Purchase Plan and Trust. The NUEPP provides for normal retirement benefits at age 65 under authority of Act 205.

The contribution requirements established by the Money Purchase Plan and Trust Agreement adopted by the Borough are as follows:

- The Borough shall contribute \$1,500 on behalf of each participant for each plan year.
- Each participant is required to contribute to the NUEPP as a condition of participation; however, the Borough has elected to "pick up" the mandatory participant contributions in accordance with Internal Revenue Service Code Section 414(h)(2).
- Each participant may make voluntary, after-tax contributions.

The NUEPP is eligible to receive an allocation of state aid from the General Municipal Pension System State Aid Program, which must be used for pension funding. The Borough, in accordance with Act 205, must contribute any funding requirements that exceed state aid. During the year ended December 31, 2020, employee contributions amounted to \$29,487, net of forfeitures, and employer funding requirements for 2020 amounted to \$21,375, of which \$21,375 was funded from State Aid.

Employee contributions vest immediately. Employer contributions vest in accordance with the following schedule:

| Years of<br>Service | Percent<br>Vested |
|---------------------|-------------------|
| 1                   | 0%                |

NOTE 9 POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

**Plan Description**

The Borough of Hellertown administers a single-employer defined benefit healthcare plan. All full-time uniformed and non-uniformed employees who retire from the Borough are eligible to receive these benefits. The Retiree Health Plan does not issue a publicly available financial report.

**Benefits Provided**

The benefit provisions and obligations to contribute are established in accordance with separate employee contracts. In accordance with the employee contracts, the Borough's obligation for payment of health insurance coverage premiums is \$350 per month towards the cost of retiree medical and prescription drug coverage for non-uniform employees. For retirees in prior years, payments are as follows: \$250 per month for uniformed employees retiring between January 1, 2002 and December 31, 2004, \$350 per month for uniformed employees retiring in 2005, \$450 per month for uniformed employees retiring in 2006, \$550 per month for uniformed employees retiring in 2007, and \$660 per month for uniformed employees retiring in 2008 or later. The above uniformed retiree payments shall cease upon the retiree reaching eligible Medicare age. Coverage must be purchased through the Borough in order to be eligible for the Borough's contribution. If the employee retired on or before December 31, 2015, coverage is provided for the life of the retiree. If retired on or after December 31, 2015, coverage ends on December 31, 2022. The retirees are obligated to absorb any and all monthly premium costs in excess of Borough contributions. Currently, the Borough pays the monthly health insurance premiums for each participant and is reimbursed by each retiree for an amount the Borough's contribution does not exceed those listed above. As of December 31, 2020, thirteen retirees are eligible and receiving these benefits. The health care benefits cover retired employees only; however, the retirees have the option to continue coverage for their spouses at their own expense.

**Plan Membership**

At December 31, 2020, the Plan's membership consisted of the following:

|   |                  |
|---|------------------|
| Fully Eligible Active Employees                         | 2                |
| Other Active Employees not Fully Eligible               | 23               |
| Retirees and Beneficiaries Currently Receiving Benefits | <u>13</u>        |
| Total   | <u><u>38</u></u> |

**Contributions**

The Borough contributes to the cost of current-year premiums for eligible retired plan members as described above. The Borough is not currently making contributions to a qualified trust.

**Net OPEB Liability**

The Borough's total OPEB liability of \$4,115,840 was measured as of December 31, 2020, and was determined by an actuarial valuation as of January 1, 2020 rolled forward to December 31, 2020.

**Actuarial assumptions and other inputs**

The total OPEB liability in the January 1, 2020 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

|                            |  |
|----------------------------|--|
| Investment Rate of Return: | There are no invested assets.  |

| Participation Rate:        | 100% of retirees who are eligible to participate are assumed to do so.<br>80% of police retirees are assumed to have a spouse participating in the coverage. 60% of future non-uniformed and at-will retirees are assumed to have a spouse participating in coverage.  |
| Age:                       | Female spouses of future retirees are assumed to be 3 years younger than male spouses.   |

The discount rate was based on the S&P 20 Year AA municipal bond rate.

An actuarial valuation of the total OPEB liability is performed biennially. The total OPEB liability was determined as part of an actuarial valuation at January 1, 2020. Update procedures were used to roll forward to the Borough's fiscal year ended December 31, 2020.

**Changes in the Net OPEB Liability**

Changes in the Borough's net OPEB liability for the plan for the year ended December 31, 2020 were as follows:

\*The difference is mainly due to higher than projected increases in Non-Medicare medical and prescription drug costs offset by lower than projected increases in Medicare medical and prescription drug costs.

\*\* The discount rate changed from 3.5% to 1.93%. Changes were made to the assumed rate of increase in medical and prescription drug costs. Changes were made to the assumed rates of mortality.

\*\*\* Payments are actuarially determined expected benefit payments, which may vary from actual benefit payments due to implied subsidy and experience that is different from expected.
